AgileSHIFT®

WHAT IS AGILESHIFT?

AgileSHIFT is a new training solution to help prepare the entire organization for transformational shift by creating a culture of enterprise agility. Focused on enabling business wide transformation through the use of agile concepts and approaches, the easily tailorable lightweight framework gives practical tools and empowers teams and/or individuals to champion change within their organizations.

AgileSHIFT is supported by a guide, training and certification which will be available through accredited partners.

AgileSHIFT®

WHO IS AGILESHIFT FOR?

AgileSHIFT is targeted at public and private sector organizations that are looking to transform their business practices and embrace agile ways of working.

The guide, training and certification are accessible and valuable to the entire organization. These coach the whole organization to understand why it is important to understand the concepts within AgileSHIFT, and how they could own change within their sphere of influence.

HOW IS AGILESHIFT DIFFERENT TO OTHER
AGILE METHODS AND CERTIFICATIONS IN
THE MARKET?
Until now, Agile methods and
certifications such as Lean and Kanban
have focused on the IT function and the
delivery of software. AgileSHIFT leverages
the value of agile ways of working to the
entire organization – be it sales,
marketing, legal, HR or finance - and to
the delivery of product and services, not
just software.

HOW IS AGILESHIFT DIFFERENT FROM PRINCE2 AGILE®?

AgileSHIFT differs from PRINCE2 Agile in several ways. The main difference is the focus of PRINCE2 Agile is to help practitioners and organizations deliver projects in an agile context. It has been designed specifically for project managers and those working within a project management environment.

Whereas AgileSHIFT is focused on changing the mindset and culture within the whole organization to think and act in an agile way, whether an individual is within marketing, finance, HR or an IT delivery team.

DOES THE AGILESHIFT CERTIFICATE EXPIRE?
No, there is no expiry date on AgileSHIFT
certification.
